

ADVICE

Turn off bromination or electrolysis, dye is guaranteed up to 1 ppm, beyond it quickly vanishes.

To lower the Cl/Br rate rapidly use AQUAcouleur™ Premio.

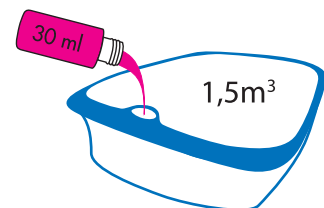

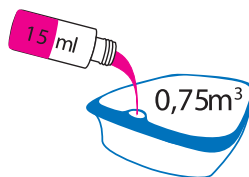

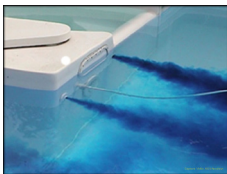

Diluted, AQUAcouleur™ SPA is hypoallergenic, does not stain.
No oil spreading, colored water remains fully transparent.

Instructions for use: Pour in the skimmer, filtration on: AQUAcouleur™ spreads immediately. The bottle easily dyes 1,5 cubic meter SPA.

Temporary duration: few hours.

Fading: coloring vanishes when usual treatment resumes, «shock Chlorinating» treatment speeds up.

No health hazard, environment-friendly.

Hypoallergenic

Does not stain

Colored water remains fully transparent
